State Wants Districts To Consolidate

The combining of Washington and Eden Township hospital districts, suggested by the State Department of Public Health, was the subject of a meeting last Friday of the directors of the Washington Township District, at which Leslie Williams, president of the Eden district, was a visitor.

The state's suggestion indicated a reluctance to give financial aid to the two contiguous districts. Both have applied for the two-thirds state and federal aid available for construction costs. The state considers, apparently, that one hospital for the entire Eden-Washington area would be sufficient.

Sentiment of local doctors and other leaders in the move to establish a hospital in Washington Township, however, does not favor uniting of the two areas in a hospital project.

Proposed location of the Eden district hospital is in the Ashland area between Hayward and San Leandro. The distance from Washington Township to this hospital would be too great to be a solution to the needs of this area, according to local sentiment.

However, the Washington Township Hospital District directors are pursuing full inquiry as requested by the state, although their unofficial sentiment seems in disfavor of the state's suggestion that the districts be combined.

Further data will be given to the Bureau of Hospital Surveys of the State Department of Public Health to substantiate the township's need for a hospital located in the township.

NILES CHAMBER GIVES SUPPORT TO CANYON PARK

The Niles Chamber of Commerce this week went on record in favor of establishment of a park at the entrance to Niles Canyon on a 9½-acre piece of land which is owned by the City of San Francisco. The city has held the property for several years with the intent of its eventual use for a park.

Since Niles is not an incorporated city and therefore can not own or maintain property, the Chamber is investigating various other means of acquiring the land from San Francisco. Last week the city declared its willingness to sell the property.

President John Brahmst appointed a committee consisting of L. R. Batman, E. C. Parks and Vernon Ellsworth to make an investigation.

First effort of the committee will be to ask the Alameda County Board of Supervisors if the county might purchase the land, which is presumed to be available at nominal cost.

If the county will not buy the land, either to develop into a park or to hold until means of development are found, the committee may ask the Alameda County Water District to purchase it.

President W. D. Patterson of the water district stated this week that he would inquire into the authority of the district to perform such a function. He regards the proposal as worthy, since the land was the sight of the historical Vallejo Mills and is well suited for park development.

Although the water district's activities do not include ownership of recreation areas, it may be possible for the district to take title and hold it until another properly authorized agency could develop it.

The Native Sons and Native Daughters have repeatedly expressed interest in the site and it may be regarded as possible that the organization might raise funds for its improvement.

The Niles Women's Civic Club, which in past years has made efforts to have Niles Canyon developed as a state park, also is interested in the chamber's proposal.

Another possibility lies in the formation of a county-wide flood control and water conservation district (now before the state legislature in Assembly Bill 1431). The proposed district would have certain recreational authority and might provide the means of local acquisition and development of the park site.

TOWNSHIP YOUTHS SEE SPEED CLASSIC

Richard Brunelli, son of Mr. and Mrs. Romeo Brunelli of Niles, and Cyrus Caldeira, son of Mr. and Mrs. Joe Caldeira of Decoto, were enthusiastic front-row spectators at the Memorial Day speed classic at Indianapolis, their parents learned this week.

Both young men are studying at General Motors Institute at Flint, Mich., and have completed one year of the two-year course. Throughout the course, they spend eight weeks at the Institute, then return to the township for an eight weeks' period of actual experience at Central Chevrolet.

STUDENT PASTOR FOR IRVINGTON

Amember of the junior class of San Francisco Theological Seminary at San Anselmo, Asa Collins has been appointed student pastor of Irvington Community Church and will move this week into the Presbyterian manse at Centerville.

Collins is a resident of San Francisco. He is a grandson of a college friend of Dr. J. H. Durham, Irvington dentist who has been active in the church for more than 50 years.

MEN'S CLUB TREATS

St. James Men's Club of the Episcopal Church in Centerville held its annual Ladies' Night dinner last night in the Memorial Hall of the church. Colonel Eugene Manning acted as head chef for the evening. Jim Logan was general chairman of the affair.

CHAMBER SEEKING NEW INDUSTRY FOR IRVINGTON PLANT

With production ended at the Occidental Stove Company factory at Irvington and the plant to be vacated in the near future, the Irvington Chamber of Commerce has launched a drive to secure a new industrial payroll for that community.

The plant soon will be available for leasing, the chamber was informed at its Tuesday meeting, and it was decided to seek the assistance of the Development Committee of the Oakland Chamber of Commerce in securing a new industry.

The Irvington chamber will present its bid at the session of the Associated Chambers of Commerce of Alameda County on Saturday at Livermore.

OPEN FOR LEASE

Officials of the Utility Appliance Corporation, Los Angeles, parent company of Occidental Stove, are understood to have listed the plant with a San Francisco rental agent for leasing.

Details of the contemplated leasing arrangement are lacking. Roland Delp, office manager of the Irvington plant and a chamber member, said he has not as yet received instructions from the home office, or information whether equipment also will be available under the leasing arrangement.

100 EMPLOYED

During peak production last fall, approximately 100 persons were on the payroll at Irvington, Delp said. Employment ranged from 75 to 100 during all periods of production, he added.

Production at the plant halted approximately a month ago and present activities there are limited to shipping of stoves and parts for repairs, Delp said. A considerable inventory is still on hand and this must be moved before the plant can be made available to a tenant.

In seeking a new industry for the community to take up the slack in employment caused by the cessation of Occidental production, chamber officials will direct their efforts toward interesting a firm which would employ at least as many workers as those carried on the Occidental payroll.

RITES TOMORROW FOR MRS. MILLER

Funeral services will be held tomorrow (Saturday) for Mrs. Annie E. Miller, 84, former resident of Newark, who died at the home of her granddaughter, Jennie Evelyn Bettencourt, in Hayward.

A native of New York, the deceased was a member of a pioneer family of Humboldt County.

She is survived by her daughter, Mrs. Elizabeth Miller of San Francisco; a sister, Mrs. Carrie Johnson of Fortuna; two nieces, Mrs. Lillian Stone and Mrs. Ethel O'Neill of Fortuna; and was also the grandmother of John Miller of Oregon, and Thomas Miller of San Francisco. She is also survived by six great-grandchildren.

Services will be held at 9:30 a. m. at the Chapel of the Palms in Centerville, with interment at Lone Tree Cemetery in Hayward.

OFFICERS ELECTED BY GIRL SCOUTS

Betty Jean Lewis is the newly elected president of the Newark Girl Scouts. Other new officers are:

Leota Bayliss, secretary; Connie Emmett, treasurer, and Anita Rogers, scribe. Mrs. Ann Castro and Mrs. June DeKnoop were named troop leaders and Mrs. Laura Fraguila was chosen leader of the Brownie Scouts.

7th GRADERS TO FETE GRADUATING CLASS

Seventh graders of Irvington Elementary School will entertain members of the June graduating class at the annual seventh-eighth grade party in the school auditorium next Thursday afternoon.

Dancing, games and refreshments will feature the affair. Teachers in attendance at the party will be James Howden, eighth grade, and Irma Bond, seventh grade.

TRUSTEES' GROUP ELECTS WALTON

Succeeding Judge E. A. Quaresma of Niles, Allan Walton of Centerville has been elected vice-president of the Alameda County School Trustees Association.

The new officers were chosen at a meeting of the association at Livermore when Warren W. Davison, clerk of the Livermore Elementary School Board, was chosen for the presidency. He succeeds Charles W. Stone, San Leandro. Arnold C. Anderson, Castro Valley, was re-elected secretary-treasurer.

L. C. Haight, representative of the state employees' retirement board, was principal speaker at the session.

DEVELOPMENT WORK UNDER WAY AT IRVINGTON PARK

Actual development work got under way this week on the long-contemplated Irvington Park at the triangle of Bay Street and Broadway in Irvington. The project is sponsored by the Chamber of Commerce and Dr. E. M. Grimmer is chairman of the special committee in charge.

Dr. Grimmer reported on the progress at Tuesday's luncheon meeting of the chamber. The iron fence surrounding the triangle has already been removed, he said, and workmen are now preparing the ground for lawn and landscaping. Benches are also to be installed.

The mission bell, which formerly stood at the intersection, is to be re-installed in a concrete monument within the park, Dr. Grimmer reported, and all work probably will be completed within the next 60 to 90 days.

The chamber also gave its formal endorsement of July 19 as Washington Township Day at the Alameda County Fair.

JOSEPH CORRIEA FINAL RITES HELD

Final rites for Joseph Corriea, 88, a long-time resident of Mission San Jose and father of Irvington Fire Chief Joe Corey, were held Wednesday from the Berge Mortuary in Irvington. He died last Monday.

A requiem mass at St. Joseph's Church was followed by burial in St. Joseph's cemetery.

Husband of the late Louise G. Corriea, he was the father of five other children in addition to Chief Corey: Louise Corriea of Mission San Jose, Anthony V. Corriea of Centerville, Mamie Elaine Sebasto of Fresno, Mildred Faraone of San Francisco, and Sister Anna Mariam of the Sisters of Notre Dame, San Francisco.

Mr. Corriea was a native of Fayal, the Azores, and came to Mission San Jose many years ago. He was a member of Mission San Jose Lodge No. 1, I.D.E.S.

MUMPS TOP LIST OF COUNTY'S ILLS

Mumps topped the list of contagious ills reported last week in the unincorporated area of Alameda County with 36 cases on record, according to the report of Dr. James C. Malcolm, county health officer.

Twelve cases of measles, nine of chickenpox, four of German measles and two of whooping cough also were listed on Dr. Malcolm's report.

CALIFORNIA KIDS ARE HEALTHIER

California children are taller and heavier than those in the eastern part of the country, it was observed by Harold Schoenfeld, supervisor of health and physical education, Alameda County school department, while comparing notes with other educators at the recent conference of the American Association for Health, Physical Education and Recreation in Boston.

"The superior stature of California children is undoubtedly one of the beneficial results of the year round outdoor physical education program that our climate makes possible," Schoenfeld said.

ALVISO DISTRICT TO VOTE AGAIN ON SCHOOL TAXES

Continuing their efforts to maintain the full standard of operations and services at the Alviso School, despite the recent adverse vote on a proposal to increase the school district's tax rate from 80 cents to $1.30 on each $100 valuation, parents of students decided at a mass meeting Wednesday night to call another special election.

The new election will be called as soon as the necessary legal requirements have been met—probably within the next 60 to 90 days, but parents have already started active campaigning in support of the proposed increase.

The increased tax rate was turned down by a 69 to 92 vote at the May 20 election and Wednesday night's meeting of parents was called by the Alviso School District trustees to determine upon a course of action to either meet fixed operational expenses or curtail various operations and services.

NUNES DRIVING BUS

As a result of the adverse decision of taxpayers on the proposed increase, lack of funds has already necessitated striking the paid school bus driver from the district payroll, and Principal Jim Nunes took to the wheel Wednesday to pick up students. He said he would continue to do so until the end of the school term on June 14.

Out of a total of 82 students, all but four depend on the bus for transportation to and from school and some of them come from a distance of more than three miles, Nunes said.

There is no immediate solution of the transportation in sight, members of the board said Thursday. The budget for the next school year will be prepared and completed this month and even though the tax increase is approved at the next election—probably in September—the added funds would not be available for a considerable period thereafter.

SUSPENSION NECESSARY

Barring a presently unforseen solution to this problem, bus service will be discontinued through the spring and early fall and placed in operation for five months in the late fall and winter. Meanwhile, parents and board members may work out some co-operative transportation plan.

A possible increase of from 20 to 25 cents for the hot lunches served in the school cafeteria was discussed, but no action taken at Wednesday night's session. Approximately 98 per cent of the pupils use the cafeteria, and operational costs will require the increase unless more tax funds are forthcoming, it was generally agreed.

Instruction in instrumental music must also be discontinued until more funds are available to resume the course, it was disclosed at the meeting.

BOARD FAVORS INCREASE

The three members of the board —Frank Faria Jr., clerk; Mrs. Mamie Roderick and Frank Duarte —are unanimously in favor of the increased tax rate and likewise expressed approval of the decision to call another election. Faria presided over Wednesday night's meeting.

When the date of the election has been definitely determined a taxpayers meeting will be called for a full scale discussion of the district's problems.

FUNERAL RITES FOR WAR VETERAN

Funeral rites were conducted Thursday by the Chapel of the Palms for Basilio C. Abella, 42, who died May 29 while visiting friends in Centerville. His home was in the Philippine Islands.

A World War II veteran, he was buried at Golden Gate National Cemetery in San Bruno. He is survived by a wife and daughter living in the Philippines.

The Washington Union High School band has been booked to play at the annual Livermore Rodeo on Saturday, June 11. Members of the crack musical organization are scheduled to spend the entire day on the rodeo grounds.

Price Collapse Hits Township Lettuce

Lettuce prices toppled to a new low this week on the eastern markets and area growers and shippers are confronted with the worst market situation to exist in the 15 years since lettuce has gained the importance of a major crop here in the township.

Adding additional gloom to the already dark picture is the forecast, based on expert surveys of marketing and crop conditions, that there can be no improvement within the next 30 days.

Meanwhile, some township growers are discing their crops under—chalking off the $150 per acre cost of cultivation—rather than accept the heavier losses and further risk involved in shipping.

SHIPPING CONTINUES

Shipping continues, however, to the markets of Chicago and New York, chiefly to protect brand names and establish markets and to fulfill earlier commitments to eastern brokers. This season marked the fifth year that lettuce from this area had been sent to eastern markets, where it enjoyed an increasing demand from the trade, and local leaders of the lettuce industry are reluctant, they say, to relinquish this buyer-demand, despite the losses they must endure.

Continued shipments are showing in the "red" in excess of $250 per acre, growers and shippers declare.

Reports from New York revealed California lettuce has been selling on the wholesale market there for as low as $2.75 a crate and lettuce men here declare that a minimum of $5 is necessary to break even on growing and shipping costs. This represents a loss of 50 to 75 cents a crate, or $160 to $240 per car. Standard refrigeration cars carry 320 crates.

MARKET IS GLUTTED

Freight and icing charges represent the bulk of the cost of shipping to Chicago and New York markets—$400 to $500 per car, respectively, shippers assert — but they add that these costs would not be a barrier to a fair return if the market was not glutted by California lettuce.

From 7 to 8 cars are being shipped daily from the township to the eastern markets, but the local cars comprise only a small portion of the total daily shipments from various California lettuce growing regions—estimated at from 250 to 270 cars daily.

Market experts declare that continued shipments of 250 cars daily are sufficient to demoralize the eastern markets, and that on some occasions recently as many as 400 cars have trundled eastward from California points.

Heavy planting of home gardents, lessening the demand for the commercial crop, is another factor contributing to the price drop, market economists say.

PLANTING CONTINUES

The harvest in this area came in about May 1 and will run into October. And despite the "beating" growers now are taking, planting continues for later shipments in the hope that the price situation may improve and also to protect brand names and markets.

More than 1,500 acres in Washington Township are devoted to lettuce cultivation. Prior to 15 years ago lettuce was cultivated on a more or less minor scale.

On the brighter side of the agricultural picture here, growers and shippers of cauliflower reported a successful season recently and they expect fair marketing conditions to prevail for the forthcoming cauliflower season in September.

C. OF C. TO CURB SOLICITATIONS

Steps to curtail the activities of out-of-town solicitors of funds were taken at the meeting of the Centerville Chamber of Commerce, Wednesday.

Members voted to require solicitors to secure written approval of the chamber before members will make any contributions. Cards stating this requirement will be distributed to chamber members.

Dallas Paul, president, presided at the session.

FIESTA TO HONOR FORMER QUEENS

Queen of the Holy Ghost fiesta in Mission San Jose in 1889, Mrs. Rose Viera of Irvington will "reign" again briefly during the 60th annual observance of I.D.E.S. Lodge No. 1 tomorrow (Saturday) and Sunday.

She will lead a parade of some 20 other former queens, several of whom have ruled over fiestas of more than a half century ago.

Queen of the 1949 observance at Mission San Jose is Evelyn Chambers, and her maids are Shirley Cunha and Clara Ariota. The program will start Saturday evening and continue through Sunday.

The program will get under way with a procession of the queen's court from Miss Chamber's home to the I.D.E.S. Hall. Fireworks at the grammar school grounds are scheduled to start at dusk. There will be dancing at the lodge hall.

A parade at 10 a.m. Sunday to St. Joseph's Church for mass at 10:30 will inaugurate the second day's program. Miss Chambers will be crowned at this time. A noon barbecue will be followed by auctions and dancing.

Officers of the 1949 celebration are Joe Pereira, president; Joe Garcia and Joaquin Perry, vice-presidents; Joe Abreu, secretary, and Joe Azeveda, treasurer.

1949 CHERRY CROP BRINGS LOWER PRICE

With a marked drop in the prices for the 1949 cherry crop, Washington Township growers considered themselves "lucky" this week if they broke even on marketing and picking.

Growers were being offered a top of 10½ cents per pound for their Royal Annes, the largest local crop, as compared to a top of 17½ cents last year. The local Royal Anne harvest is just getting under way. The market for this crop is entirely local.

Tartarians and bings, the picking of which is now well under way in the area, are bringing only 4 to 5 cents per pound this year and pickers are receiving 3 cents per pound. Pickers were paid 5 cents a pound during the 1948 season. The tartarian and bing market extends throughout the Pacific coast.

DENTIST-PASTOR TO BE ORDAINED JUNE 5

* * * * * * * *

GIVES UP PRACTICE FOR CALL OF CHURCH

A man who practiced dentistry for six years in Aurora, Illinois, who served for three years as a dentist in the Army Air Forces, and who passed the California State Board of Dentistry examination—one of the stiffest in the country—will be ordained as a minister in the Newark Presbyterian Church on June 5.

This complete change in vocations may seem astounding to some people, but to Mr. John Peffers, 37, it came about as the most natural thing in the world.

Mr. Peffers, who has been a student pastor at the Newark church since last September, said, "I think Christianity is the most wonderful thing in the world. I felt the call of the church during my years of practicing dentistry, after many heart-to-heart talks with a wonderful old gentleman, and after reading and rereading the many inspirational messages in the Bible, especially the Book of John."

"Sometimes," he continued, "my change from dentistry to the church seems miraculous, and at other times it seems as if it were always meant to be. Now that I am about to be ordained, I feel nothing but a great contentment and sense of peace that I have chosen the church, even though I enjoyed practicing dentistry very much. The urge to help people, to show them the way of Christianity, has been very strong with me indeed, and I am grateful now for the opportunities afforded me in this respect as pastor of a church."

Residing in the manse with Mr. Peffers are his wife, Betty, and their two children, Jacqueline, 9, and Kirk, 6. He is a graduate of Loyola University of Chicago, and was graduated from the San Anselmo Seminary on May 12.

Rev. Herbert Booth Smith, moderator of the San Francisco Presbytery and pastor of the First Presbyterian Church at Burlingame, will preside at the ordination service. Other Presbyterian ministers to participate are as follows: Rev. Lester T. Eisel, executive of the National Missions Board; Rev. Vaughn Chamness of Northminster Church, El Cerrito; Rev. Lars Hammerson of Centennial Church, Oakland; Rev. Henry Adams, instructor in speech and homiletics of the San Francisco Theological Seminary; Rev. Conway Lanford of the Trinity Church, San Anselmo; Rev. William T. Turner of the Sixth Avenue Baptist Church, Tacoma, Washington, and Rev. Chester Tolson, director of the "Youth for Christ" program at Sacramento.

Following the ordination, which will be held at 4 o'clock Sunday, Rev. Peffers will be installed as pastor of the church at Newark.

California voters enacted the initiative and referendum in 1911 by a vote of 168,744 to 52,093.

IRVINGTON NINE LEAGUE CHAMPIONS

Declared winners in the "twice-forfeited" final game, the Irvington Merchants emerged as undisputed champions of the Southern Alameda County Baseball League after the Ashland nine failed to put in an appearance last Sunday to replay a previously protested game.

The replay was ordered by the Hayward Area Recreational Council when Ashland protested the ruling of the umpire in the previous Sunday's game in declaring the game forfeit to Irvington because of an Ashland batter's refusal to the arbiter's warnings and repeatedly stepped out of the box.

The council upheld Ashland's protest and ordered that the game be played again, thus leaving the league championship in doubt.

Irvington players were on hand Sunday ready to play, but no Ashlanders were sighted.

QUEEN TO GET HOLLYWOOD TRIP

A flying trip to Hollywood for a two-day tour of the nation's screen capital and a radio appearance on a coast-to-coast network are among the awards in store for the winner of the Alameda County Fair's Queen Contest.

Winner of the contest will appear as guest of honor on the "Queen for a Day" radio program June 29, will tour a major motion picture studio where she will meet the stars at work and will dine at a world famous night spot in Hollywood, Rose said.

On the return flight, the local queen will bring as her guest the radio "Queen for a Day." The two will stay at the Old Hearst Ranch during the Cavalcade, July 1 through July 4, as guests of the Alameda County Fair Association.

Meanwhile, Rose also announced a time extension for entry in the Alameda County Queen contest, with candidates to be allowed to enter until the contest closes at 8 p.m., June 27.

NEWARK SPORTSMEN ANNOUNCE WINNER IN ESSAY CONTEST

Donna Cole, eleven-year-old sixth grade student, has been announced as the winner of the essay contest sponsored by the Newark Sportsmen's Club. The title of the essay was "Why Conserve Our Wild Life." The contest was held for the purpose of bringing to public attention the necessity of preserving our fish and game resources.

Runners-up in the contest, which was participated in by 36 students from the sixth, seventh and eighth grades of the Newark school, were Betty Lewis, seventh grader, who took second place, and LeRoy Brown, eighth grader, who won third place.

Judges were Art Evans of Martinez, Lawrence McNabb of Castro Valley, and William A. Case, all of whom are members of the Associated Sportsmen of California.

Donna's winning essay reads as follows:

"How would you like to live in a country where there were no animals or wild life? Would you like it if there were no squirrels in your trees or no rabbits to bound across the field? Would it be pleasant to live in a country where there were no robbins, no woodpeckers, no pheasants, or any deer?

"There will always be hunters and fishermen who kill for food. There will always be hunters and fishermen who kill animals for sport. True sportsmen do not kill wastefully. They do not kill animals in breeding season. They do not kill animals that they cannot use. They should put out food for animals when food is scarce during the winter time. Some people pick a lot of flowers along the roadside. They should not. They should not pull branches off trees."

BRAMWELL PLAYS IN ALL-STAR GAME

Playing with the winning aggregation in the annual East Bay senior high school All-Stars baseball game at the Oakland Oaks ball park in Emeryville last Saturday night, Gene Bramwell, W.U. H.S. athlete from Mission San Jose, displayed his versatility by playing in the outfield and pitching the last half of the ninth.

Twenty-four outstanding athletes from East Bay high schools, chosen by coaches and scouts, comprised the two teams, and were competing for two berths on the U. S. All-Star team which will play a New York nine at the Polo Grounds in August.

Bramwell performed in the outfield during the seventh inning and warmed up in the eight for the night's final pitching assignment. His team won, 7 to 4.

TROUT SEASON OPENS MONDAY

The seasonal blockade on California's northern Sierra region was lifted Monday, as an estimated quarter of a million anglers invaded 11 counties for the opening of the summer campaign against trout.

Stream closures in the Eel River drainage of Humboldt, Trinity, and Mendocino counties was lifted at the same time.

THIRTY-SIX ENTER WEDGEWOOD DERBY

Thirty-six young "race drivers" have already entered the Wedgewood Derby, scheduled for Sunday, June 19, at Hidden Valley Dude Ranch, and members of the sponsoring committee of the Newark Chamber of Commerce have set a total entry list of 40 as their goal.

Don Dias is general chairman of the committee in charge of the event, which the chamber plans to stage annually. Dias presided at a meeting of drivers and sponsors, numbering about 50, at the Washington Union High School on Wednesday night, at which plans for the derby were outlined in detail and the drivers given a thorough "briefing" in the rules.

Entries will close Saturday, June 11. After the entries are in members of the committee will inspect all derby cars to make sure they conform to regulations as to size and weight.

Winner of the derby will receive a $100 government bond and a silver trophy. Trophies also will be awarded for second and third places.

The event will be open to the public and net proceeds from the gate will be added to the Newark chamber's fund to establish recreation facilities for the youngsters of that community.

YOUTHFUL SKATERS PLACE IN TOURNEY

Two young Irvington roller skaters—members of the Irvington Roller Skating Club—won second places in the junior division of the state roller skating championships last Saturday and Sunday.

They are Robert Espinoza, Irvington, and Janice Brooks, Livermore, who were runners-up in the boys and girls events for 14 and 15-year-olds. They competed against scores of other entrants from all sections of California in their respective classes.

The Del Monte Skating Club of Monterey was host organization for the championship events, which were sponsored by the California Amateur Roller Skating Association, an affiliate of the A.A.U. and the American Roller Skating Association.

Young Espinoza and Bonnie Creager, Livermore, also competed in the intermediate roller skating dance.

NILES 'HOT RODDER' WINS SECOND PLACE

Driving his "souped-up" hot rod Mercury roadster, Chet Richards of Niles won second place in the Memorial Day 25-lap event at Oakland Stadium speedway Monday.

Richards placed second to Joe Perry in the roadster event, in which a total of 10 drivers competed over the quarter-mile asphalt track. Jack Smyers placed third.

Richards and Ernest Meier, his associate in the Richards & Meier Motor Company of Niles, built the racer. Meier, however, does drive in the speed events.

Richards is at the wheel of the hot rod every Friday night at the events sponsored by Racing Roadsters, Inc., at the Oakland Stadium, and on alternate Sunday afternoons at Oakland and Watsonville.

JUNIOR LEGION LOSES TO HAYWARD

The Washington Township American Junior Legion baseball team lost its first league game to the Hayward Post, 7-0, last Sunday morning, in a game played at Centerville.

The township team got but 2 hits, a double by Berrios in the eighth, and a single by Cicairos in the fourth.

The winning pitcher was Duran, right handed fastball chucker for the Hayward post. Duran allowed but 2 hits, walked none, and struck out 21.

The losing pitcher was Joe Castro, who was relieved by Bramwell in the third, who in turn was yanked in favor of Maurice Vargas. Township pitchers together walked 2, struck out 15, and allowed 11 hits.

Hayward' big inning came in the seventh when they scored 3 runs on 4 hits. They also scored 1 in the first, 2 in the second, and 1 in the ninth.

It looked like the township club would score in the ninth when it had two on with one away, but the rally was cut short when the next 2 men struck out and the game was over.

WASHINGTON 'B' TRACKSTERS SECOND

By RALPH JUHL

The S.C.V.A.L. track finals were run last Friday night at Fremont, in Sunnyvale, with Fremont copping the A's and C's, and Santa Clara taking the B's and D's.

The Washington High Class C track team tried hard, but came in second, following Fremont 71 to 63.

Those who took first place in the C events were: Orocchi in the 220-yard dash and also in the 100; Balcita in the pole vault and Martinez and the hop-step-and-jump.

Those who took second were Chan in the 50-yard dash, Martinez in the broad jump, Bechtold in the pole vault, and Martinez, Orocchi, Chan, and Sekigahama in the relay. Chan also took third in the 100-yard dash and a fourth in the broad jump.

The Washington B team, which loked good in the trials, took a fifth in the finals. The team scored but 20 points, with Armondo Morlos taking a first in the hop-step-and-jump and a third in the pole vault. Costa took a third in the discus, Lane a fourth in the 880, Reyna a fourth in the 440, Rivera a fifth in the 100, and Ruelas a fifth in the 880.

The Washington A's scored but 7 points, with Robertson taking a fourth in the 880, Gaunt a fourth in the discus, Evans a fifth in the low hurdles, and Herring a fifth in the discus.

On the whole, the Washington team did better than last year. Things look even better for the future, with three veteran 880 men, 2 milers, and three 440 men coming back next year in the A's.

The Sunday School was started in Gloucester, England, in 1735.

'NEIN! NEIN!'

It was unfortunate for the Russians that they got walloped with one of the worst political black eyes ever just before the start of the Foreign Ministers Conference in Paris.

Of course, it wasn't supposed to have been that way. The election in Eastern Germany was designed to present "convincing" proof that the Germans behind the Iron Curtain were wholeheartedly supporting the "people's" program for a united Germany.

But even the Russians admit that one-third of the people voted against the Kremlin's hand-picked slate of candidates, and you can be pretty sure that the actual vote was much more heavily negative. This result is all the more unusual because the people in Eastern Germany know that a "Nein" vote is made at the risk of their own safety and that of their families. The usual score in a behind-the-curtain election is 99 per cent in favor of the slate.

Of course, the Soviets can claim that the voters were victims of "lying propaganda from imperialistic nations." But that in itself would be an admission that Russian propaganda is falling down.

No matter what is said at Paris, the Soviets have lost important ground—and they know it.

S. P. SETS JULY FOR FIRST RUN OF STREAMLINER

Southern Pacific's two new 15-car diesel-powered "Shasta Daylight" streamliners will go into daily service July 10 between San Francisco and Portland, operating on a 15½ hour schedule, President A. T. Mercier of the railroad has just announced.

The pair of luxury coach streamliners, costing a total of nearly $5,000,000, will cut three hours from the best present train time for the 718-mile Shasta Route trip. They will leave their respective terminals at 7:45 a.m. and arrive at destinations at 11:15 p.m., Mercier said. Schedule details affecting intermediate points along the route have not been completely worked out as yet, it was explained.

Each of the brand new trains will embody the very latest developments in passenger car construction, Mercier said. They will consist of a 6000 hoursepower diesel locomotive, nine chair cars, a parlor observation car, tavern car, baggage-postal car, and a triple unit comprising the coffee shop, kitchen and dining cars. Exterior of the trains will flash a spectacular red and orange of the railroad's present fleets of "Daylights," operating over San Joaquin Valley and coast routes between central California cities and Los Angeles, it was stated.

Thinking Things Over...

By VIVIAN BATMAN

The Niles Rebekah Lodge has come to a new milestone in its history. No longer will it be known as the Niles Rebekah Lodge, but as the Silver Star Rebekah Lodge.

The Niles Lodge was founded in 1912. Through the years it absorbed the Aqua Pura Lodge of Irvington, and, more recently, the Alvarado Rebekah Lodge. Now that it encompasses the entire township, rather than just Niles, it was felt that a new name was very much in order.

WHAT IS IT?

The guessing game continues in Mission San Jose. Is it a skating rink? A tea-room? A market?

I'm referring, of course, to the new building being constructed by Miss Olive Hyde, part-time resident of Mission San Jose.

Though Miss Hyde says that she is not at liberty to reveal yet just what will be housed in the new building, she did say that the plans for the structure and landscaping are being done by Butler Sturtevant, planning consultant of San Francisco. It is of no particular architectural style, except one of rugged simplicity appropriate to the setting.

Though the building seems to be nearing completion, Miss Hyde said that it will be two months at least before it is ready for occupancy. Occupancy for what? Well, your guess is as good as mine!

An interesting bit of historical lore came to light when the excavating was done. The old tile floor of an adobe residence belonging to a member of the Vallejo family was uncovered. Also in evidence is an old boulder that was placed at the corner of the property by Plutarcho Vallejo to prevent ox-carts, that careened around the corner, from demolishing his picket fence.

In recent years this boulder was stolen by a group of boys as a Halloween prank, but the County made them bring it back as it is a landmark and is used by the county for surveying purposes.

Seen as a headline on the front page of a metropolitan paper: PRINCESS ELIZABETH SUFFERS CHILL.

So what? Everybody suffers chills. You suffer chills. I suffer chills. But does it make headlines in the nation's newspapers?

No, it does not.

I'm sitting right here in this office now, suffering a chill. But who cares?

Frankly, it would seem to me that the princess could do something a little more startling than suffering a chill in order to make the headlines. The reporters in Great Britain must be desperate for news.

Take Rita, now. She really did something. None of this nonsense from HER about suffering chills. She nabbed her Indian potentate and garnered several millions to boot. Now there's a gal that can REALLY make news . . . if you like that kind of news. Personally, I read as far as the perfume-filled swimming pool, and I could stomach no more.

Miss Elaine Howe, our Niles librarian, served with the Red Cross in New Caledonia as head of the recreation center for service men there. One of the boys who was assigned to the club house was a young Chinese boy named "Bing." Miss Howe has kept up her correspondence with him, as his letters, in their refreshing and altogether novel English, have provided her with a great deal of amusement.

Having read the latest one, I persuaded her to let me publish it here, thinking the readers would probably enjoy it too. Bing, born in the Hawaiian Islands, is living in Honolulu. I have not edited the spelling, or punctuation. It is "as is."

May 29, 49

Dear Elaine,

Received Your letter at the date of May 9,49. I'm sure glad to know that you are very fine and dandy.

I'm still in the watch repairing trade and we are working for the navy yard ship service store for commission base pay. I hope I'll able to under their contract for awhile. Because the business in Honolulu is terrible slow. The merchants hardly make anything. There are more than 10,000 peaple without jobs. I'll say, no one able to find a new job now. All the bigger store divided the emploees into shifts, shorten to 30 hrs. a week. Today this 10 employees working, the other 10 employees take leaves without pay. The other word one day on, one day off.

You asked me to help you buy a lauhala hand bag. I already bought it and I'll send it to you as soon as possible. I'll let you know the total cost.

My mother, she is very fine in the old China. She is live ing the village and very safe. But the living cost is in the sky high. over there.

How's the standard of living in California right now. I heard there are lot of peaple under the heavy unemployment. The stores are easyly to rent a space.

Well, Elaine, hope I'll hear from you again. Remember take good care youself, some of this days when I come to California I want to see you get fat and big, O.K. God Bless You.

Always yours,

BING

By ELAINE HOWE

Want to make money during your vacation? Vacation time in California may include a unique and rewarding activity. Lots of people like to go up in the mountains, camp out, enjoying the healthful, back-to-nature life, and pan for gold. In fact I know someone right here in Niles who has already done so successfully this year. He didn't make a million, but he did have fun, AND he read the book, "Gold, Where to Go, How to Get It," by W. R. Hinkley, first.

Placer mining is the simplest and easiest method of mining and requires the least capital. This is a practical book with advice on the location of placers, the identification of gold, and instructions in the several methods of placer mining. It even has maps telling you where gold is likely to be found.

A second aid to the modern Forty-Niner is "Handbook for Prospectors and Operators of Small Mines" by M. W. Von Bernewitz. He tells the prospective prospector what to pack, in tents, clothing, food and utensils. Then he goes into a discussion of elementary geology—what minerals to look for and where, how to sample and assay, and developing a prospect. Throughout are many descriptive maps and diagrams. Especially valuable is a chapter on the laws pertaining to mining.

So what's holding you back? There was a lot of snow last winter.

Death Valley is a colorful and romantic spot and each year attracts many visitors. If you are planning such a trip this year, first read "Death Valley and Its Country" by George Putnam. Tales of the pioneers, the prospectors, the rangers and Indians read like a western yarn. Even old timer Death Valley Scotty's doings are retold here. In the appendix side trips in and around the Valley are described, with a list of suggestions from the Park Service to those making the trip during the torrid of heat of summer.

REBEKAH NEWS

Mrs. Anna Bradford, past district deputy president of District No. 53, entertained her deputy grand officers and degree staff at dinner recently at her home in Niles Canyon. The evening was spent at cards, and a very enjoyable time was had by all guests present.

Mrs. Bradford and her staff motored to Livermore Wednesday evening to attend a reception given to the newly installed district deputy president of District 53, Mrs. Inger Horning, by the Livermore Lodge.

The members of the Friendly Sewing Circle (Rebekahs) met at the home of Mrs. Justine Adams in Irvington yesterday for luncheon, which was served in the gardens of the Adams home.

The next regular meeting of Silver Star Rebekah Lodge No. 336 will be held this evening (Friday) at Odd Fellows Hall in Irvington. After a short business meeting, initiatory ceremonies for a large class of candidates will be held under the supervision of Irene Bales, drill mistress, according to Florence Dewey, noble grand. Refreshments will be served at the close of the evening by a committee consisting of Jennie Mohn, Ivy Cull, Mildred Barber, Ruth Meck, Irma Wright, Ann Arington, Ethel Fournier, and Grace Reinking.

FARM NEWS
AGRICULTURAL EXTENSION SERVICE

FARM PRICE OUTLOOK

What does the changing economic situation mean to agriculture?

Farm Advisor Lee Benson this week released a summary of the farm price outlook prepared by George Alcorn, marketing specialist of the Agricultural Extension Service.

Further declines in farm prices appear probable if crops are normal.

Grain prices have been around support levels or below. Without a huge increase in farm storage, which appears impossible, feed grain prices are likely to be below support levels.

Bean prices are firmer because the government promises to hold 8,000,000 bags until prices rise to 80 per cent of parity in 1949. Cotton prices appear to be headed for support levels for some time. Potato prices at 60 per cent of parity may average higher if crops are short. Flax price support was announced at $4.14 per bushel at San Francisco and Los Angeles. Last year it was $6.25.

Sugar beet prices should average higher this year.

Livestock prices probably will decline further as increased volumes of hogs and beef are marketed. Lambs will remain higher because of short supplies, perhaps considerably higher on the average than pork and beef. Pork is expected to be lower in price than beef. Demand for meat seems to have weakened some.

Dairy product prices are weak, but government support is calculated to hold prices from slipping too much further. The very weak fats and oils market is affecting butter prices.

Weakening of canned fruit prices in the first quarter of 1949 is causing concern to fruit producers. Government purchases are expected to set the pitch in the dried fruit markets.

Imprisonment in ancient Rome was used only to detain a prisoner until tried, when he was either killed, physically punished, or freed.

EUROPEAN REVUE COMES TO S. F.

"Cabalgata," greatest of European musical revues, is to be presented to America on its first visit, June 7, with a company and orchestra of 100 on the stage of the Geary Theater, San Francisco, for 17 days only.

S. Hurok, world-famous impresario, is presenting the American premiere of "Cabalgata." Spanish producer and director, Daniel Cordoba, who originated this magnificent revue in Madrid, Spain, will continue to remain with the show and its original cast during the American engagement in order to keep the production running exactly as it did for three solid years of sellout business throughout Spain.

"Cabalgata" continued its success of breaking every known box office record in Argentina, Chile, Peru, Colombia, Venezuela, Puerto Rica, Guatamala, Salvador, Costa Rica. In addition to these Latin-Amercian countries, it played one year in Mexico City and one year in Havana, Cuba. A total of over four thousand performances have been played to date.

Performances will be presented every night during the short engagement at the Geary. Sunday matinees will be given at 5 p.m., and Saturday matinees at 2:30 p.m. Out of town theater-goers are advised to secure their reservations early as possible as the American tour of "Cabalgata" will undoubtedly be a complete sellout.

WHITSUNDAY AT ST. JAMES CHURCH

Whitsunday, one of the three great days of the church year, has a special significance this year to Episcopalians as it is the celebration of the 400th anniversary of the First English Prayer Book.

In St. James Church, Centerville, as in many other Episcopal churches throughout the country, the Holy Communion service will be that of the 1549 Prayer Book.

The choir will sing at this service. On this day also, those who were confirmed last week by Bishop Block will receive their first communion.

THE YOUNGER SET

MARY LOU BROWN

Don't be deceived by Mary Lou Brown's demure expression and ladylike appearance. Three-year-old Mary Lou, daughter of Mr. and Mrs. Vernon Brown of Centerville, is actually not a lady at heart, as her greatest desire in life is to "grow up to be a boy" like her brothers, Dennis, 6, and Hank, 9.

Mary Lou looks scornfully at dolls which her parents have dutifully exposed her to, and turns to toy trucks, and baseballs, and footballs. It's no wonder, really, that Mary Lou is a tomboy, for with two brothers, and a cousin, Schuyler Van Scoy, who lives right next door, what else could she be? She has had to learn to hold her own with the three boys, who consider her somewhat of a nuisance.

Mary Lou makes one concession to femininity. She adores lipstick, and will smear it on her pert little face every time she gets the opportunity.

Her grandparents are Mr. and Mrs. Joseph Brown of Centerville and Mr. and Mrs. Henry Machado of Centerville.

CALIFORNIA COWS HIT NEW HIGH

Dairymen participating in the dairy herd improvement associations in 1948 received an average income of about $120 more per cow than dairymen who did not participate, reports Walter Johnson, assistant farm advisor.

The 30 different associations, representing 1,489 herds in 39 California counties, showed an increase in average production for 1948 that meant $2,000,000 more in profits to the dairymen than they received in 1947.

Butterfat production per cow for all associations in the state has increased 49.2 pounds in 10 years.

Production records now in use throughout the state have been developed over a period of years to provide lifetime records of dairy cows. This information is helpful in the selection of breeding stock to determine quality of production, not only for a few lactation periods, but over a lifetime.

In 1846, General John Fremont described the San Joaquin Valley as a "barren and worthless waste."

PLANS COMPLETED FOR PASTRY SALE

Plans have been completed for the pastry sale, scheduled for Saturday, June 11, at Leal's Hall, Irvington, by St. Jude's Institute, Y.L.I., and an unusually wide variety of home-made pastries will be on sale, according to the committee in charge of arrangements for the affair.

POT LUCK SUPPER BY IRVINGTON P.T.A.

The Irvington P.T.A. held its final meeting of the year as a combination business meeting and pot luck supper for "the whole family."

The date was June 2, with the price of admission either a dish towel or pot holder.

Mrs. Earl Mackintosh, newly-elected president, conducted the short meeting which was followed by a vodvil show put on by members of the eighth grade. A play, "The Farmer's Daughter," was also staged, and little Jacquie Walker did some of her famous tap dancing, while Tony Tacang played the piano.

REVIVAL MEETING
Assembly of God
NEWARK, CALIF.

Five Nights Only, beginning Wednesday of this week, Evangelist Mattie Howard will preach at the Assembly of God, Thornton and Elm St., Newark, Calif.

Evangelist Howard was for seven years a prisoner in the Missouri State Prison, and for three years afterward a member of Pretty Boy Floyd's gang. She will be telling of some of her life story, and how the Lord Jesus Christ transformed her life, and how He can transform others.

The theme of her message will be "Jesus Saves."

You are invited to attend every one of these messages.

HENRY C. VANCIL, Pastor

DAY BY DAY IN DECOTO

By GRACE CAMINADA

A NEW DAUGHTER

Congratulations to Mr. and Mrs. Luther W. Jones of 521 Tenth Street, who became the parents of a baby girl on May 17. Ellinor Diane was born at the Hayward Hospital and weighed 6 pounds 13 ounces.

NEW LIGHTS INSTALLED

The Pacific Gas and Electric Company installed new street lights last week. These lights, planned long ago, were not obtainable until recently. They were needed.

REMODELING PROGRESSES

Although remodeling on the Borghi house has been in progress for several weeks, work has finally begun to show form. The work, being done by Mario Vardanega of Decoto and Pete Vardanega of Hayward, will be completed in the near future. The Borghis are occupying the house directly across from the other.

MUMPS APLENTY

Mrs. C. Johnson doesn't want to hear the word "mumps" again. One of her children came down with the mumps and before she knew it the other three children also had contracted the ailment. Come on now, youngsters, get well soon.

VISIT GRASS VALLEY

Mr. and Mrs. Zadow enjoyed the three-day holiday at Grass Valley.

FUN IN SAN FRANCISCO

Five of us motored to San Francisco and really did the town last Sunday. Rudy Caminada of the Elcelsior Bakery at Centerville, Barbara Ponti, also of Centerville; Remo Caminada, my husband Rinaldo and I spent every bit of 12 hours having fun. We did everything from riding on the cablecar, bowling, visiting Fishermen's Wharf, attending a show, sightseeing, a speedboat ride and dining at the Balalaika, etc. (There are a few more places I'd rather not mention.) The occasion was in celebration of a coming birthday and anniversary. I wouldn't mind doing that again!

MOTOR TO STOCKTON

Mr. and Mrs. Joe Calderia and son motored to Stockton over the week-end to attend the boat races there.

WEEK-END AT SHASTA

Mrs. Elsie Brown and girl friend spent the holiday week-end at Shasta.

AT RUSSIAN RIVER

Mr. and Mrs. Al Rodriguez and son also spent the holiday away from home. They spent the week-end at the Russian River.

GRADUATES FETED

Tuesday night, May 24, Mrs. Lester Watkins gave a dinner for her son, Rex Rowlett, and also for Jack Navarro, who are to be Washington Union High School graduates on June 16. Invited were: Jerry Brown, Tommie Gunn of Newark, "Kaz" Kawaguchi, all graduates, and Adoplh Sisneroz. The six boys enjoyed all the fine food put before them.

NEW AUTOS RECEIVED

Among owners of new cars are Mr. and Mrs. Walter Phippen of Railroad Avenue, who have a new 4-door auto, and Mr. and Mrs. George Silva, who have a new sedan. Smooth riding!

BANK ACCOUNTS INCREASE

The banking accounts of the Decoto School have increased to 140. Although started but about four weeks ago, there is a great deal of enthusiasm from all the pupils come banking day which is every Tuesday. Keep up the good work, boys and girls.

SCHOOL 'BEE' BUZZES

The pupils who help publish the "School Bee" of the Decoto Elementary School are proud to report they average over 300 copies sold. The reporters, one appointed from every class, manage to get quite a writeup every week. The "Bee" is put out weekly and sells for three cents to cover cost of paper and other items.

ENTERS TRUCKING FIELD

Dick Sanchez is now in the trucking business for himself after his recent purchase of a semi-truck. Good luck, Dick.

MRS. SALINAS DIES

Mrs. Juana Salinas, age 79, passed away May 30 at her home at 700 Fifteenth Street. Mrs. Salinas leaves two daughters, nine grandchildren and four great grandchildren. One of her daughters, Marcella Silva, resides in Ohio, but Victoria Velasco resides here. Mrs. Salinas was a resident of Decoto for 16 years. Burial was held Thursday at the Holy Sepulchre Cemetery, Hayward.

ON FAIR OAKS TRIP

Mr. and Mrs. Ed Paniagua and daughter motored to Fair Oaks for the Memorial Day holiday. They enjoyed the scenery and had a pleasant time at the lake. Ed had very good luck fishing. He caught 12 trout.

WEEK-END STOCKTON VISIT

Mr. and Mrs. Frank Rose and daughter of Niles, Mr. and Mrs. Tony Janeiro, Mrs. Hazel Bettencourt of the Masonic Home, Mr. and Mrs. Louie Joseph of Hayward, and Frank Woods of Lodi spent the week-end with Mr. and Mrs. Dave Janeiro of Stockton. They all attended the Stockton Regatta. Louie Joseph, Tony Janeiro and Dave Janeiro sneaked off for a bit of bass fishing but they had to be disappointed and came home with empty hands. Better luck next time, fellows.

HOLIDAY AT COAST

Donald Hitchen, Leonard Smith and Divino Bassignani of Centerville spent the holiday week-end at Santa Cruz. Although there was a crowd, the boys managed to have a grand time taking in the sights (hmm, pretty, weren't they?) riding the different thrill rides and swimming.

DECOTO TEAM WINS

Thursday, May 26, the Decoto baseball team again defeated the Bret Harte team of Hayward by a score of 6 to 0 in their game at the Decoto Elementary School. Decoto played Russell City Wednesday at the local diamond. Their next and last game will be with Livermore next week for the championship of Southern Alameda county. The local boys have played good hard ball all year and their only defeat was by Niles. The lineup for the Decoto team is: Dick Guerra, catcher; Manuel Garcia, buck short; Tony Neives, 1st base; Marcellino Campa, 2nd base; Edward Carvallo, 3rd base; Raul Oroczo, short stop; Peter Cervantez, left field and picther; Angelo Gonzales, pitcher; Johnny Fletcher, center field; and Ralph Baca, right field.

Coach William Graves has done a good job with all sports at the school. He teaches a class which is made up of 6th, 7th and 8th grade pupils and he puts in a lot of extra time after school hours coaching the boys in all sports and every year his teams win championships or come very close to it. The trophy case at the Decoto school is bulging with trophies and ribbons won during the time that Mr. Graves has been at the school. We wish you good luck in the years to come, Mr. Graves.

PACKERS TEAM WINS

Marlo Packers defeated L & V Farm Sales of Centerville in a doubleheader Thursday night, May 26, by a score of 10 to 1 in the first game and 4 to 2 in the second. It was the last practice game for their started league play on Wednesday night, June 1. Marlo will play in the National League and this will be the first time in many years that Decoto will be represented by a local softball team. All the players are local boys, only one being from Alvarado. Let's see many of the local people present at these coming games and give these boys some moral support.

Marlo will play on the following nights: June 1 against Frick's; June 7, Kraftile; June 9, Wedgewood; June 14, L & V; June 22, Y.M.I.; second half starts June 24 against Frick's; June 28, Wedgewood; June 30, Kraftile; July 18, Y.M.I.; July 24, L & V.

The lineup of the Marlo team will be as follows: Joe Gonzales, buck short; Henry Serbantes, 2nd base; Dave Berrios, catcher; Johnnie Sanchez, 3rd base; Gilbert Orozco, 1st base; Alvin Silva, left field; Jimmy Gonzales, center field; A. Semmaron, short stop; Tony Lopez, right field; and Peter Alcon, pitcher. Manager Frank Rebejo will also play different infield positions. Manager Rebejo says his team is in fine shape and should win the National League.

A. L. COSTA HONORED

A happy birthday party was given to A. L. Costa last Sunday afternoon for friends and relatives when he celebrated his 50th birthday. Mrs. Costa served sandwiches, relishes and coffee. A huge cake centered the table. Those present were: Mr. and Mrs. L. Watkins of Decoto, Mr. and Mrs. Lawrence Costa and daughter of Newark, Mrs. C. Martin and granddaughters, Mr. and Mrs. K. Greene and daughters, Mr. and Mrs. C. Riley and daughter, Mr. and Mrs. J. Martin, all of Niles; Mr. and Mrs. Wm. Carey and daughter of Santa Clara; Lodella Alameda, David Rose and Douglas Dutra, all of Centerville; Mr. and Mrs. Fred Costa of Irvington, and the honoree's wife and daughter. A belated happy birthday wish.

HORSEMEN TO RIDE

The Southern Alameda County Horsemen's Association will ride at Tracy this week-end.

DRILL TEAM PERFORMS

The drill team consisting of 18 girls under the direction of Mrs. Mary Re, captain, again marched last week-end at Mountain View. The girls, all in black skirts, white blouses and white beanies, made quite a picture. They will march again on June 12 at the Ashland Holy Ghost.

P.T.A. DINNER PARTY

Thirty persons attended the P. T.A. dinner at Banchero's last Saturday night in Hayward. All the ladies wore gardenia corsages. The Italian dinner was enjoyed by all. Mrs. Elvie Cardoza, retiring president, was presented with a fountain pen by the P.T.A. members.

ATTEND DOUBLE-HEADER

Mr. Alfred Ferreria and Sam, Johnny and Tony Cortez attended the double-header at the Oakland baseball park last Sunday. The Oaks lost both games to Seattle. The men were rather disappointed as they are Oakland fans. But they had a good time and saw some of the new Oak players for the first time in action. Alfred thinks the Oaks will finish near the top by the end of the season. A barbecue dinner was enjoyed by all the Cortez families at the Ferreria home.

C. OF C. MEETS TUESDAY

Next Tuesday, June 7, the Decoto Chamber of Commerce will hold its monthly meeting. At this time Clifford K. Dennis will speak on the Decoto water problems. The chamber hopes to see a large turnout at this meeting.

For the benefit of those who do not know where the meetings are held (and, believe it or not, I know some personally), they are held in the fire house on Tenth Street every first Tuesday of the month unless otherwise notified.

HOME FROM VACATION

Mr. and Mrs. John Murdock and son of Fourth Street just returned from a month long vacation. They drove through Canada and the midwestern and southern states on the return trip to California. Mr. Murdock's son is from southern California and he did most of the driving. They all had a very good time and saw wonderful scenery along the way. Mr. Murdock is a long time employee of the Marlo Packing Company.

LOS MUCHOS TO BE MADE CATTLE RANCH

* * * * * * * * *

BUT BOY SCOUTS WILL NOT BE 'DUDES'

Scoutmaster Oliver Nielsen and District Executive Don MacDougal, Southern District members of a council committee to develop the program features of the council's Los Muchos Campsite in the Livermore Hills, this week released the first notice of the projected program plans for the camp.

It has been recommended that the camp become a typical western Cattle Ranch to be called Rancho Los Muchos. The recommendations call for the construction of a swimming pool 40x105 feet, a shower house, a ranch house with first aid facilities, ranch office, a large room for training courses or indoor group meetings, training room, quarters for the permanent staff, caretakers' house and maintenance shops.

The committee recommended that all construction, except the stables or barn, be restricted to the area immediately adjacent to the swimming pool. It is planned to preserve the camping areas as primitive and natural as the health and safety standards will allow.

The construction now under way includes the swimming pool and the water system to serve the pool and two ridges of campsites, and the ranch house, as recommended by the camp program committee.

The committee, in making its announcement in the Leaders' Bulletin, asked for help from all Scouters in the district in finding atmosphere props for the ranch. Old saddles, single trees, double trees, branding irons, wagon wheels, etc., are needed to add to the architectural treatment of the ranch house and the barn. Scouters or friends having ranch equipment which might be used at Rancho Los Muchos are asked to contract either Nielsen or MacDougal.

The committee has also developed several camp improvement projects which could be carried out by troops or senior outfits. These include development of campsite and chapel areas, trails, springs, etc.

Construction is being directed by Council Executive Homer Bemiss and members of the council camping and activities committee.

STATE OF CALIFORNIA
DEPARTMENT OF EMPLOYMENT

FARM LABOR INFORMATION

By L. R. BRADLEY

In some California areas, farm job openings have exceeded the number of suitable job seekers. This has followed the unusually high spring labor requirements as well as continued reductions in the farm labor supply. There are still unemployed farm workers but they are expected to be absorbed by activities which will start soon in their immediate areas. Few farm workers are available in the areas in which crop activities provide a current unfilled labor demand. Most of the unfilled job openings are in southern California counties where 2,000 experienced citrus pickers are now wanted or will be needed soon. In spite of the present tight situation, a careful distribution of available workers through proper direction to areas of need is expected to avoid active shortages. The closing of schools and continued immigration from other states is also expected to ease the farm labor situation soon.

In the central and north coast counties no shortages of workers have occurred so far this year. All growers' orders have been filled and immigration has rapidly supplemented the local labor supply as harvest activities increased. Lettuce and cherry growers whose crops have been maturing rapidly along the coast are finding the market unfavorable and some growers are discing under their lettuce fields.

The Santa Clara county situation is typical of conditions in the coast counties. Here strawberry picking is at its peak employing 4,000 seasonal workers. The cherry harvest started with 3,000 pickers on the job by May 27; sugar beet cultivating is still underway and miscellaneous vegetables are being cultivated and cut by 2,000 seasonal workers while another 500 are picking peas, bringing the total number of seasonal jobs to about 9,300 for the county. In spite of this heavy demand, there are still about 1,000 farm hands seeking work in the county as immigrants come in from all directions, including the Imperial Valley of California and all points north in the state as well as from Texas, Arizona and New Mexico. Consequently, there is for the time being more workers than there are jobs. In Santa Cruz County, experienced cherry and strawberry pickers can usually find work; considerable migration into the county is reported and so far these migrants have included enough experienced apple thinners to fill all job openings. More experienced thinners will be needed after June 1. Lettuce field hands in this county and in San Benito County are not working full time but the rotation of these workers between lettuce and sugar beet activities is keeping most of them fully employed.

The carrot harvest in Monterey County is expected to take some workers away from lettuce activities and if these activities remain up to current level, about 200 Mexican or Filipino single men experienced in lettuce thinning and cutting will be needed. About 50 family groups of Spanish descent with cooking and camping equipment could be placed immediately. In Sonoma County, apple thinning is progressing and the Sebastopol seasonal Farm Labor office has been kept busy referring thinners to jobs. There are still farm job seekers in the area and hay, hop, and vineyard activities have found plenty of workers. When the cherry and berry harvests get underway between June 8 and 13, all local workers will be absorbed and some outside pickers will be needed.

The Solano County cherry harvest is about half finished. Peach thinning is about 50 per cent complete. Harvest and thinning help has been plentiful. Experienced cherry packers have been hard to find and several growers have hired and trained inexperienced workers. Apricot harvesting will get underway in Solano and Alameda Counties this week. Seasonal farm labor offices are being opened at Knights Camp at Brentwood and at Winters to direct workers to the orchards where they are needed.

Requests are coming in from all over the state for information concerning the agricultural students who are graduating from Davis in June, and many have been referred to employment. Growers can still get in touch with these workers through the local Farm Labor offices which have a complete description of the applicants and their qualifications.

There are also about 75 University of California Agricultural College students who want seasonal work this summer. Farm Labor offices can also take orders for these students who are interested in all types of field, orchard. dairy and poultry work.
